Observer portal is an online portal for data management of all types of observers i.e. general observer, police observer and

expenditure observers. The deployment schedule of the observer, report submission and many other activities are completed with the help of this portal. The observers also get multiple facilities like filling & submission of reports, notification from the commission, downloads of all the required documents and many more. Parallel to the web portal, a mobile app is also provided that includes all the features that are available in the web application.

36. Electronic Voting Machines (EVMs) and Voter Verifiable Paper Audit Trail (VVPATs):

- i) EVMs and VVPATs-**The Commission shall deploy Voter Verifiable Paper Audit Trail (VVPAT) along with Electronic Voting Machine (EVM) at every polling station in the General Elections to Legislative Assemblies of Jharkhand and Maharashtra to enhance the transparency and credibility of the election process as VVPAT allows the voters to verify their vote. Arrangements have already been made to ensure availability of adequate number of EVMs and VVPATs for the smooth conduct of elections.
- ii) Awareness on EVM and VVPAT:** Digital outreach for awareness on use of EVMs and VVPATs will be conducted.
- iii) Randomization of EVMs and VVPATs-**EVMs/VVPATs are randomized twice using “EVM Management System (EMS 2.0)” while being allocated to an Assembly Constituency/segment and then to a polling station ruling out any pre-fixed allocation. First randomization of EVMs and VVPATs is conducted by the District Election Officer to allocate the units Assembly Constituency/Segment wise in the presence of the representatives of the recognized political parties. The lists containing unique IDs of machines are shared with them. After finalization of list of the contesting candidates, second randomization

of EVMs and VVPATs will be conducted by the Returning Officers to allocate the units polling station-wise in the presence of the contesting candidates/their representatives. Lists of randomized EVMs/VVPATs are also shared with recognized political parties/contesting candidates.

iv) Commissioning of EVMs and VVPATs-After finalization of list of the contesting candidates and second randomization of EVMs and VVPATs, entire process of commissioning (candidate setting) of EVMs and VVPATs is done in the presence of the contesting candidates/their representatives. TV/Monitor will be installed in commissioning hall for simultaneous viewing of symbol loading in VVPATs by candidates/their representatives for greater transparency. After commissioning (candidate setting) of EVMs and VVPATs, in every EVM and VVPAT, mock poll with one vote to each candidate including NOTA is done. Additionally, mock poll of 1000 votes is conducted in 5% randomly selected EVMs, as well as VVPATs. The electronic result is tallied with paper count. Candidates/their representatives are allowed not only to select 5% machines randomly but also to do mock poll.

After commissioning of EVMs and VVPATs, Symbol Loading Units (SLU) will be sealed and kept under the custody of the District Election Officer concerned till Election Petition period. Only reserve SLU (not used for symbol loading) will be returned back to the authorised BEL/ECIL engineer on P+1 Day. In case of Election Petition, used SLUs will be kept till final disposal of Election Petition.

v) GPS tracking of movement of EVMs and VVPATs- The Commission has instructed the Chief Electoral Officers of all State/ UTs that end-to-end movement of all EVMs and VVPATs including reserve shall be carefully monitored at all times, for which vehicle carrying EVMs and VVPATs shall mandatorily be fitted with GPS tracking system.

vi) Mock Poll on Poll Day-

- a) On poll day, 90 minutes before start of actual poll, mock poll is conducted by casting at least 50 votes ensuring that votes are recorded for each of the contesting candidates including **NOTA** at every polling station, in the presence of polling agents of the candidates and the electronic result of the Control Unit and the VVPAT slips count are tallied and shown to them. A certificate of successful conduct of mock poll shall be made by the Presiding Officers in Presiding Officer's Report.
- b) Immediately after mock poll procedure, the CLEAR button on Control Unit (CU) is pressed to clear the data of the mock poll and the fact that no votes are recorded in the CU, is displayed to the Polling Agents present in the polling stations. The Presiding Officer also ensures that all mock poll slips shall be taken out from the VVPAT slip compartment, stamped as "MOCK POLL SLIP" and kept in separate sealed black envelope before the start of actual Poll.
- c) After mock poll, EVMs and VVPATs are sealed in the presence of polling agents and signature of polling agents are obtained on seals, before starting actual poll.

vii) Poll Day and Storage of polled EVMs and VVPATs at Strong Rooms-

- a) After completion of poll, Presiding Officer shall press the "CLOSE" button of the Control Unit of the EVM so that no further vote can be cast. EVMs and VVPATs are sealed in the respective carrying cases in the presence of polling agents and signature of polling agents are obtained on seals.
- b) On poll day, a copy of Form-17C having details of total polled votes, seals (unique number), serial numbers of EVMs and VVPATs used in polling stations is provided to polling agents of candidates.
- c) Polled EVMs and VVPATs are escorted back to the strong room for storing in double lock system in the presence of candidates/their

representatives under videography. Candidates/Polling Agents are also allowed to follow the vehicles carrying EVMs and VVPATs from polling stations to Reception Centre for the purpose of storing in the Strong Room.

d) Candidates or their representatives can also camp in front of the strong room. These strong rooms are guarded 24x7 in multilayers, with CCTV coverage facilities.

viii) Counting of Votes at Counting Centers-

a) On the day of counting, strong room is opened in the presence of Candidates, their authorised representatives, RO/ARO and ECI Observer under videography.

b) Only Control Units of the polled EVMs are brought to the Counting Hall(s) under security, under CCTV coverage and in the presence of candidates/their agents.

c) Round-wise CUs are brought to the counting tables from Strong Rooms under continuous CCTV Coverage.

d) On the counting day, before retrieving the result from the Control Units, the seals are verified, and unique serial number of CU is tallied before the counting agents deputed by the candidates.

e) On counting day, counting agents can verify the polled votes displayed on CU with that of Form-17C. Candidate-wise polled votes are recorded in Part-II of Form-17C and signature of counting agents are obtained thereof.

f) EVMs & VVPATs are stored back in Strong Room in the presence of candidates/their representatives till the completion of the Election Petition period.

ix) Mandatory Verification of VVPAT Paper Slip-In pursuance of the Hon'ble Supreme Court of India's Order dated 8th April, 2019, the Commission has mandated VVPAT slips count of Five (5) randomly selected Polling Stations in each Assembly Constituency/Segment of the Parliamentary Constituency of the State/UTs by the Returning

Officer, by draw of lot in presence of candidates/their counting agents & ECI Observer, for verification of the result obtained from the Control Unit. This mandatory verification of VVPAT slip count of five (5) polling stations in each Assembly Constituency/Segment shall be in addition to the provisions of Rule 56(D) of the Conduct of Elections Rules, 1961.

- x) None of the Above (NOTA) in EVMs, VVPATs and Postal Ballot:** As usual, there will be 'None of the Above' option for the electors. On the BUs, below the name of the last candidate, there will be a button for NOTA option so that voters who do not want to vote for any of the candidates can exercise their option by pressing the button against NOTA. Similarly, on Postal Ballot Papers there will be a NOTA Panel after the name of the last candidate. The symbol for NOTA as given below will be printed against the NOTA Panel.

As part of the SVEEP, there are awareness programmes to bring this option to the knowledge of electors and all other stakeholders.

- xi) Photographs of Candidates on EVM Ballot Paper:** In order to facilitate the electors in identifying the candidates, ECI has prescribed an additional measure by way of adding provision for printing the photograph of candidate on the Ballot Paper to be displayed on the EVM (Ballot Unit) and on Postal Ballot Papers. This will help voters to avoid any confusion, which may arise when candidates with same or similar names contest from the same constituency. For this purpose, the candidates are required to submit to the Returning Officer, their recent stamp-size photograph as per the specifications laid down by the Commission.

37. Deployment of Polling Personnel, Randomization and their voting facilities:

- a) Polling parties shall be formed randomly, through the special randomization IT application.
- b) There shall be such randomization for Police personnel and Home Guards also, who are deployed at the polling stations on the poll day.
- c) All persons appointed on election duty who are not able to cast their vote at the polling station where they are enrolled as a voter are entitled to the facility of either an EDC or a Postal Ballot.
- d) In case, they are put on election duty in the same constituency in which they are enrolled as a voter, they are entitled to get an EDC which entitles them to vote at the polling station where they are on duty.

38. Voters' Facilitation Centers for Polling Personnel:-

As per new Rule 18A inserted in the Conduct of Elections Rules, 1961, now a Voter on Election Duty, shall receive his postal ballot, record his vote thereon and return the same at the Facilitation Center set up by the Returning Officer. Therefore, in view of the extant rule position, all the Voters on Election Duty, deployed in a constituency where they are not enrolled as a voter, shall cast their votes only at the Facilitation Centers and not in any other manner. They shall sign the declaration in Form 13A in presence of, and have the signature attested by, any Group A or Group B officer or the presiding officer of the polling station at which they are on election duty.

39. Increased Remuneration of Polling Personnel:-

Polling parties on the ground are the epitome of grit and resilience. Their determination to keep the spirit of democracy reigning supreme truly is an inspiration to one and all. Further, in view of the arduous and difficult journey that polling teams have to undertake to ensure that no voter is left behind, ECI has recently doubled the remuneration of polling officials heading for election duty three days or more in advance to reach polling stations located in remote and difficult areas. Till now, the remuneration for polling Officials used to be uniform per diem amount for all polling personnel.

40. Conduct of Officials:

The Commission expects all officials engaged in the conduct of elections to discharge their duties in an impartial manner without any fear or favour. They are deemed to be on deputation to the Commission and shall be subject to its control, supervision and discipline. The conduct of all Government officials who have been entrusted with election related responsibilities and duties would remain under constant scrutiny of the Commission and strict action shall be taken against those officials who are found wanting on any account.

41. COVID Guidelines:

The Commission has issued COVID Guidelines to be followed during conduct of General Election and Bye Elections which is available at Commission's website at link <https://eci.gov.in/files/file/14492-covid-guidelines-for-general-electionbye-elections-to-legislative-assemblies-reg/>.

42. Schedules of General Elections:

Election to the Legislative Assemblies of Jharkhand and Maharashtra after taking into consideration all relevant aspects, like the Post Flood Situation & Climatic Conditions including other factors like Academic calendar, Board Examinations, Major Festivals, prevailing law and order situation in the State/UT, availability of Central Armed Police Forces, time needed for movement, transportation and timely deployment of forces and in-depth assessment of other relevant ground realities.

The Commission seeks the active cooperation, close collaboration and constructive partnership of all the esteemed stakeholders in the electoral process and strives to employ the collective synergies towards delivering a smooth, free, fair, peaceful, participative and festive General Assembly Elections, 2024 in Jharkhand and Maharashtra.
